

DA-WM2000 INSTALLATION MANUAL

This manual is intended for users of the DA-WM2000 wall mounting bracket. It includes instructions for mounting the DA-WM2000 wall mounting bracket to a wall.

- **This bracket is intended to be used with DC-D1xxx or DC-D2233 series model of camera. Do not use it with other models of cameras.**
- **This installation should be performed by a qualified service personnel in conformance to all local codes.**
- **You may need to reinforce the wall. If the wall is not strong enough to support the camera, the camera may fall.**
- **Do not use this product for other purposes.**

Mounting

Mount the bracket to the wall as follows:

- 1 Mount bracket 1 to the wall by using the anchors and screws.

- 2 Insert cables from external devices, network and power adapter through the hole in bracket 1 and the rear of bracket 2.

- 3 Screw bracket 2 to bracket 1.

- 4 Assemble bracket 3 into bracket 2 and fix it by using the screws.

Connect your camera to the bracket as follows:

- 5 If you have a DC-D1xxx series model of camera, screw the bottom cover onto an adaptor plate (DA-AP2000 model) and the adaptor plate onto bracket 3. The adaptor plate is sold separately. If you have a DC-D2233 series model of camera, screw the camera body onto bracket 3.

< DC-D1xxx Series >

<DC-D2233 Series >

- 6 Connect or screw the camera dome cover onto the camera body or bottom cover.
7 Turn on power.
